Dear Jill,

I'm so very glad that you've written to me, because I'm really busy these days preparing for my exams. I guess you are too. I think it's good that you have at least some ideas of what you like. And I agree with you, to my mind, these are the subjects you can do best.

If you ask for my advice, I'll tell you that you should think of some professions which you would be able to have on the base of these subjects and maybe you could combine the two.

As for me, I've already decided that I want to be a doctor. I like helping people and don't have other options so I'm just studying hard to make my dream come true.

Good luck and lots of love,

Lisa
